

S3-4 – COAXIAL DIGITAL CABLE

Custom lengths available

FEATURES AND SPECIFICATIONS

- New Intergrated Field™ winding geometry with revolutionary WaveLink™ signal transmission technology
- Proprietarily treated, poly-elemental, high-frequency pure silver center conductor optimized for ultra-high bandwidth frequencies
- Nitrogen-injected foam polyethylene dielectric insulation
- Bi-metallic shielding (pure silver plus UPOCC-6N braid and pure copper foil) for exceptional protection against EMI and RFI noise
- Ultra-low capacitance Teflon® dielectric outer jacket
- Terminated with XLO's exclusive, precision machined, low self-inductance Teflon® insulated RCA connectors with 24K mil-spec gold-plated contacts
- XLO™ cable identification ring for cable directionality and authenticity

Item Code	Lengths (M)	Lengths (FT.)
S3-4-0.5M	0.5 meter	1.64 ft. piece
S3-4-1M	1.0 meter	3.28 ft. piece
S3-4-1.5M	1.5 meter	4.92 ft. piece
S3-4-2M	2.0 meter	6.56 ft. piece
S3-4-3M	3.0 meter	9.84 ft. piece
S3-4-4M	4.0 meter	13.12 ft. piece
